SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- Frontend: HTML5, CSS3, JavaScript, React.JS, Redux, Redux Toolkit
- Backend: Python, Django
- Database: SQLite & MySQL
- Tools: Git, Github, API Integration

LANGUAGES

- English
- Hindi
- Gujarati

ABOUT ME

A curious and dedicated full-stack learner who enjoys building clean, user-friendly digital experiences. I combine creativity with problem-solving to deliver practical solutions. Outside of coding, I stay inspired through reading, wandering, and listening music. Always eager to learn, improve, and contribute meaningfully.

EDUCATION

K.G.K English School

2019 - 2020

SSC

RESULT: 70%

K.G.K English School

2021- 2022

HSC

RESULT: 70%

Bachelor of Technology

2022- 2026

Computer Engineering | Silver Oak University

CGPA: 9.5/ 10.0

INTERNSHIP

Web Development

JUNE 2024 - JULY 2024

As a Web Development Intern, I built 3 responsive projects using HTML, CSS, JavaScript, React, and Bootstrap, while learning frontend development best practices and version control with Git.

Technologies Used: *Html, Css, J.S, React, Bootstrap, Git*

Prompt Engineering

DEC 2024 - DEC 2024

I crafted and optimized AI prompts for chatbots and content generation tools, testing different structures to improve accuracy and output quality.

PROJECTS

React Crud Application

Developed a fully functional React application with end-to-end CRUD operations integrated through a static JSON file (db.json). Implemented a modern, responsive interface with reusable components and streamlined state management.

Django authentication system

Developed a secure user authentication system using Django, Python, and SQL. Implemented signup/login functionality with session management, custom user models, and password hashing. Designed a responsive, user-friendly interface to ensure smooth and reliable access for all users.
